

## West of 22 Productions Studio Sustainability Program

### Sustainable Production Checklist

#### Catering Services

- ☐ Hire green craft services.
- ☐ Ban single-use water bottles and condiments.
- ☐ Avoid foam items.
- ☐ Reuse dishes and cutlery.
- ☐ Provide vegetarian meal options.
- ☐ Donate leftover food.
- ☐ Compost food waste.

1 cup of coffee purchased every day in a disposable cup, contributes ~210.5 Kg of waste per year.

#### Materials

- ☐ Rent sets, props, and costumes.
- ☐ Use recycled/recyclable materials for new construction.
- ☐ Store, rent, or donate used sets, props, and costumes.

#### Energy

- ☐ Use LED lighting.
- ☐ Work with rechargeable batteries.
- ☐ Rent solar-powered equipment.

The average production uses enough of the fuel, in inefficient diesel generators, to fill the tanks of [11,478 cars](#)

#### Transportation

- ☐ Rent hybrid or fuel-efficient vehicles.
- ☐ Encourage car-pooling.
- ☐ Implement a no idling policy.

#### Waste

- ☐ Have recycling bins available in the office, on set, and on location.
- ☐ Set up water dispensers.
- ☐ Purchase recycled materials.
- ☐ Collect electronic waste for proper disposal.
- ☐ Encourage use of all go-green practices to cast and crew

#### Storytelling

- ☐ Conversations about the environment and sustainability
- ☐ Appreciating and respecting nature and animals
- ☐ Not showing the following on screen
  - Single-use plastics
  - Lights on in empty rooms
  - Idling vehicles
